

**Coldwater Residential Dwelling & Apartment Building
Annual Smoke Detector
Testing Schedule**

- ✓ Verify smoke detectors are in your home, outside the sleeping areas and inside the sleeping areas.
- ✓ Test your smoke detectors monthly or at minimum, twice a year when you change your clocks in the Spring and Fall.
- ✓ Replace smoke detector batteries a minimum of once a year or in the event your batteries are 5-year or 10-year type, when necessary.
- ✓ Clean your smoke detectors a minimum of twice a year by dusting the exterior housing with a vacuum and nozzle if possible.
